Permit Number: OCRM-06-115-M  
Permit ID: 54713

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Greg Brunson  
C/O Watersdeep Inc  
PO Box 12880  
Charleston, SC 29412

**LOCATION:** On and adjacent to Big Bay Creek at 3601 Big Bay Dr, Edisto Beach, Colleton County, South Carolina.  
TMS#: 354-03-00-014.

**WORK:** The work as proposed and shown on the attached plans consists of making additions to an existing dock. The applicant seeks to add a new 4' x 50' catwalk, with handrails, extending floodside from an existing 12' x 12' pierhead. Also proposed to extend from the existing pierhead is a new 4' x 15' walkway that will support a new 4' x 20' ramp that will provide access to the existing 8' x 40' floating dock. Landward of the floating dock and inside of the proposed 50' catwalk, two 13' x 13', four-pile boatlifts are proposed. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before May 20, 2006. For further information please contact the project manager for this activity, Fred Mallett at 843-747-4323 ext. 119.*
